### LETTER TO KZ

**Dear KZ,**

You know you love me, I know you care. Just shout whenever, and I'll be there (jk).

Anyway, I hope this was the surprise you were hoping for, and I hope you love it. I've been wrapping my head around how to surprise you for a while now. I worried so much about what to do that I ended up procrastinating but I realized it's not about how grand the gesture is. It's about making the effort and doing the best I can to put a smile on your cute, cute face.

I truly hope you feel the same way (pls huhuhu). **I love you so much**, Keziah Joy de Vera. I wish you nothing but the best on your journey to becoming a Civil Engineer, and you can always count on me to have your back and give you all the support you need.

So, my dearest baby, my honey, my love, milady, my darling, will you be my Valentine's date on **February 15, 2026 (Sunday)?**

□ YES or □ YES
